## DEFENCE OUT

Leyton Orient are on  
English club to discontinu-  
the defensive system.

They drew their wings  
back at the start of the  
season to help the  
defence but in the first  
games had 45 goals har-  
mered past them.

In their last 11 gam-  
they released their wings  
to play a more orthodox  
attacking game and  
much better. It goes  
prove that attack is the  
best form of defence.

Cup winners, Everton, a-  
spending more than \$200,000  
on their training grou-  
which will have most of the  
amenities of a modern  
stadium except for a grand-  
stand and cover.
