CITY CHATTER    CONT/

While we are on the subject Mick returned from his honeymoon to join Croatia's reserve side which lost 9-0 to J.U.S.T.

No reflection on Mick I'm told but the outside right scored six times.

People are beginning to notice the similarity of Des Ellerby our reserves centre forward, to Derek Dougan of Wolves. So much so that revue now nicknamed Des "the Doug" as the Wolves "Clown" is known. The word "clown" is used fondly Des !

Nice to see our supporters battling verbally with the Sandringham cheer squad behind our goal last week. Greatly appreciated by our tense frustrated defenders who had to put up with jeering abuse before the rally. Thankyou people.

CITY CHATTER    CONT/

We coasted to a comfortable 2-0 lead against Sandy only to be put under strong pressure in the second half. Excuses always come up for this but we had several players playing under handicaps. Brian Finch flew down from Sydney to represent us. Usually a fit player Brian hasn't trained for a fortnight because off the courses he is attending interstate. We have Brian based at home now so we can expect full performances from him.

David Morgan also fell sick at half time and wanted to drop out but such is his value he was asked to carry on. Frank Thomson also back in the side after a minor operation had been on the touchline for a fortnight.

Excuses if you like but I think these players are most valuable on these days.

We still have Graham Baulk and Roy Symes on the sidelines but Geoff Bardsley made a final reappearance in the first XI, and we can thank him, Kurt Schroeder and Tony Hall for our survival. Another new face in the reserve side was Les Benton, younger brother of Mick now with Croatia. Les has to settle in but first impressions seem that Les is every bit as strong as Michael.

SANDRINGHAM (o) V FRANKSTON (2) 2.

CITY CHATTER

Good afternoon everybody and welcome to North Seaford reserve where we entertain Ferntree Gully for our third home game. We look forward to our game today, always a keenly contested match against the Greens. We shared points last year, also the results were the reverse, each side running 3-1 on their own ground. They boast some good players and have ex Glasgow Rangers player Allan Elliot as their coach. Scots will remember Alan who represented "the Gers" in European Cup battles a few years ago. Alan played a few years for Melbourne in the State league before hanging up his boots. It was my pleasure or displeasure to have played against him in State League matches in 1964 - '65.

3 wins in a row for us now and we seem to be following the same pattern as we did last season. The League seems very open at present and several teams are well in reach of the top spot. We sit 2 points away from the leaders Waverley whom we beat in our last home game. Last week was another happy one for us, the first team running 2-1 and our depleted reserve side holding Sandringham to a goalless draw.

REPORT :-

Frankston looked the better side from the start and ran Sandy off their feet in the first half. Two goals came from "Big John" Walton, both identical low drives which gave him six goals in the three games he has played. The defense held well with Schroeder and Cummings starring. Several other chances went begging before we went in with a two goal lead.

Sandy pressed out in the second half down their favorite end as they fought hard for goals. One resulted and the excitement was there as they pressed for a second. We had our chances too in this half as we got back into the game but the result of this keenly fought game remained 2-1 in our favour.

BEST BLUES SCHROEDER HALL BARDSLEY.

PERSONALITY PARADE No 2.      TONY HALL

Our current first team right back, Tony came to Australia in 1965 where he joined State Leaguers LIONS. Here he stayed for a season before joining his present club. At Frankston he won the best and fairest in his first year. In this very successful season Tony also began the weekly programme and with his lovely wife Nancy took an active interest in the club. Tony played for some good English amateur teams the most notable being Hendon. Tony works in Market Research and lives in Noble Park. He is probably the most polished player in the team and a gentleman on and off the field. It is men of this calibre which makes Frankston the club it is.

PERSONALITY PARADE NO 3.      ALEC WILLS

I'm sure our cartoonist Alec wont mind being included in the personality parades. After all he is one of the personalities in the club. Alec comes from Dorset and arrived in Australia in 1963. His natural wit, humour and artistic ability forced us to give him the back page in the programme. Alec is a plasterer and lives in Ashburton. A strong supporter of the club Alec enjoys his football and doesn't go to work on Mondays when we lose. He is a bachelor and looking. So watch out you girls.

Report.

Another keenly fought game as each side strove for the one goal that would have won this game. Defences were on top and apart from a few goalworthy attempts the most notable being a Pete Smith header, too little action in the goalmouths Matt Holzl dealt with all that came his way and took the honours closely followed by Tom Flynn and Peter Smith.

Waverley proved too strong for our third team on Sunday winning 7-2. Half time score was 0-4. Best for the Blues were: Starczewski, B Monty, J SKELLEY.
