CITY CHATTER -

Good afternoon again,
 Today's match is against our friends from Sandringham. We welcome their committed players and supporters to the North Seaford Reserve. Sandringham are second from bottom in the league table but never get beaten badly thanks to a strong defence which never gives up. We can expect a hard game from them as they must be feeling the strain in their position with seven games to go. With other title contenders playing each other though, two points here could see us on top of the league. Two games to come against sides in the bottom half of the table in the next fortnight should give us a lead, providing we are successful before the hard run in against four sides in the title race, in Albion, Prahran, Yallourn and Richmond. We play Albion and Yallourn at home however which should give us some advantage.

The top seven sides are three points apart and the next sides games should prove very interesting. We must fight for every point and indeed every goal to gain the success we are after.

Inside the club we have few problems. Mick Mail, out for the last two games is just about over his ankle injury. Dave Morgan is out temporarily after an operation to remove a cyst, and Nigel Bevis is still on the sidelines with a torn hamstring. We have adequate replacements though as shown last week with that fine performance without Mail and Morgan the two leading scorers, and captain Nigel Bevis.

Don't forget the dance on at The Anglors Hall this evening -

"WHEN THE SHIP WENT DOWN" -
 hosted by Brian Finch and Dianne.

1st League Tables

	P	W	D	L	F	A	Pts.
